Entech Named Top 100 Best Places to Work in PA

Reading, PA – Entech Engineering, Inc. (Entech) has been selected as one of the Best Places to Work (BPW) in PA for 2019. Entech is one of 27 businesses in the medium size category (100-250 employees) to receive the honor this year.

BEST PLACES to work in **PA** **2019**

The BPW awards program, created in 2000, is one of the first statewide programs of its kind in the country. The program is a public/private partnership between [Team Pennsylvania Foundation](#), the [Pennsylvania Department of Community and Economic Development](#), the [Pennsylvania State Council of the Society for Human Resource Management](#), and the [Central Penn Business Journal](#).

Entech's President, Jeffrey C. Euclide, PE, said about receiving the award:

"We are honored to be named as one of the Best Places to Work in PA. It is the first year we participated in the Best Places survey, and it is great validation that our employees believe, as I do, that Entech Engineering is a great place work. Our culture enhances our employee's ability to help our clients make more informed decisions. We have fantastic employees who both; work hard and don't mind having fun along the way."

Companies from across the state entered the two-part process to determine the 100 Best Places to Work in PA. The first part of this process was evaluating each nominated company's workplace policies, practices, philosophies, systems and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration and survey process.

Entech will be recognized at the Best Places to Work in PA awards banquet on Thursday, November 21, 2019, at the Lancaster County Convention Center in Lancaster, PA. Rankings will be revealed at the ceremony.
