Entech Welcomes Christina Crawford

Reading, PA - Entech Engineering, Inc (Entech) is pleased to announce the recent hiring of Christina Crawford, P.E., MBA to our water and wastewater teams as a Senior Project Manager.

Christina brings more than 25 years of diverse professional environmental engineering experience, specializing in water and wastewater. She is a senior client and project manager and has served as the municipal engineer for several Authorities. Christina is an expert in project management, water/wastewater, and PENNVEST funding.

Entech looks forward to both her technical and managerial leadership.

Bryon Killian, P.E., Executive Vice President, is delighted to have Christina on board, saying:

“We are very excited to have Christina join the Entech team! Christina is a very well-known and respected leader in our industry. Her proven track record in successfully managing large-scale projects and providing effective solutions will directly benefit our clients and further add to the depth of our team. We can’t wait to see her talents in action!”

About Christina:

Christina is a licensed professional engineer in the State of PA. She has an MBA from Villanova University and a B.S. in Environmental Engineering from Old Dominion University. Active in the wastewater/water industry, Christina is a Board Member of the PA Water Environment Association (PWEA), serving as the Young Professional Liaison. She is also a member of the Eastern PA Water Pollution Control Operations Association (EPWPCOA) where she chairs the Scholarship Committee. Outside of work, Christina is an active member of the PTO of Coventry Christian School, where she enjoys planning their Annual Auction fundraiser and supporting various events at the school.
