Entech Welcomes Project Manager

Reading, PA - Entech Engineering, Inc (Entech) is pleased to announce the addition of Royal Smith, CEM, to our team as Project Manager with a focus on Energy Consulting Services.

Bryan C. Haag, PE, LEED AP, Principal and Director of Energy Services commented,

"We are excited to welcome Royal to our team. Through Royal's breadth of experience, he will inform clients of strategic energy saving opportunities. As part of each analysis, Royal will develop the business and sustainability cases for reducing energy."

Royal has more than 14 years of experience in energy and compliance projects. Most recently he worked as a Technical Advisor to manufacturers, finding energy efficiency opportunities, building client relationships, and working with students.

About Royal:

Royal is a graduate of Penn State with a B.S. in Chemical Engineering. He is a Certified Energy Manager and a Certified Practitioner in Energy Management Systems. Originally from New Jersey, the father of four now resides in State College, PA. Royal's interests include baking, board games, reading to his children, doing educational science experiments and enjoying time outdoors.
