**Entech Becomes An Accredited PADEP Training Provider**

*Reading, PA* - Entech Engineering, Inc. (Entech) is pleased to announce that it has recently been approved and accredited as a training provider, or Sponsor, by the [Pennsylvania Department of Environmental Protection](http://PennsylvaniaDepartmentofEnvironmentalProtection.com) (PADEP) for the Water and Wastewater System Operator Training Program throughout the Commonwealth.

This allows Entech to provide courses to water and wastewater operators so they receive credits toward pre-certification experience or continuing education. This approval validates Entech's ability to provide competent training on subject matter relevant and meaningful to water and wastewater operators.

Entech Principal and Training Program Manager, Bryon Killian, said about this new accreditation, "We are excited to have one more tool available to help operators remain apprised of current technologies, and keep up to date with relevant information pertaining to the water and wastewater industry so that they can be more informed and make better decisions."
