**Entech Makes Greater Reading Chamber Alliance's (GRCA's) Top 50 List of Fastest Growing Companies**

Reading, PA - Entech Engineering, Inc. (Entech) was recently named to the Greater Reading Chamber Alliance's Top 50 Business list for 2019. Awards were presented at the Annual Awards Dinner held on May 23, 2019 at the Santander Arena in Reading.

Companies, who are members of the Chamber, are selected for growth in revenue and size. These businesses are recognized for creating jobs and helping to grow the economy of the greater Reading area.

Nominees are evaluated using a proprietary formula that takes into consideration both dollar and percentage increases in revenue, leveling the playing field for smaller companies. After not appearing on the list for several years, Entech re-debuted at number 25.

On the news of the award, Entech President Jeff Euclide commented,

*"We are honored to be recognized as a CRCA Top 50 business. Our growth and success is the result of our entire team's commitment to helping our clients make more informed decisions and living our core values."*

This is the 14<sup>th</sup> year of recognizing and celebrating local business through the GRCA Business Awards. Each business on the list is vetted by an outside independent accounting firm. The ranking method analyses growth over a three-year period, with the greater weight placed on the most recent year.
