**Gunsallus Elected As Southeastern PA-AWWA District Trustee**

Reading, PA - Entech Engineering, Inc. (Entech) is pleased to announce the election of Christine Gunsallus as District Trustee for the Southeast Region of the Pennsylvania American Water Works Association (PA-AWWA).

In this position, Christine will act as a liaison between the Southeast Region PA-AWWA Section and the Pennsylvania State Section. This is a two-year term that requires attendance at board meetings and helps the PA-AWWA in their mission of providing leadership and resources to the full spectrum of Pennsylvania water community to ensure safe, affordable, and sufficient water, while also advancing technology, education, science, management, and government policies.

Christine, ready to present at the 2016 PA Rural Water Conference

Entech's Principal, Bryon A. Killian, PE noted:

*"We're excited that the PA-AWWA members have recognized Christine's experience and leadership in the water field. We know that she will use her expertise to help others."*

Christine previously served as the Chair for the Southeastern PA-AWWA Region. Christine has over 20 years of experience in a variety of industries, including potable water, petroleum, and industrial. She earned a BS in Civil and Architectural Engineering from Drexel University, an MBA from University of Penn State.
