## **Pittsburgh Office Relocates; Reimagines Workspaces**

Reading, PA – Entech is pleased to announce the recent relocation of our Pittsburgh office into a new building. The office is now located at 400 Industry Drive, Suite 200, Pittsburgh, PA 15275. All contact numbers remain the same, with the main phone number remaining: 412-264-2800.

Since opening in July 2013 with only a handful of employees, the Pittsburgh office has seen continued expansion and is now the primary office of nearly a dozen employees.

Regional Director, Rob Horvat, PE said of the move:

“We have grown over the last years, bringing in both new clients and staff in western PA, which necessitated this move to a larger space, with room for continued growth. Additionally, the challenges presented by the pandemic have given us new insight into the types of spaces we need for the future of our work, bringing in-office and at-home team members together to collaborate and help our clients. One of the many features we have incorporated are “zoom rooms” which are smaller conference rooms with better a/v equipment and layouts, as opposed to utilizing only large conference rooms.”
